The Parent Carer Support Group has had two meetings and they were a great success. The group were treated to a hand massage and nail painting and last week they tried their hand at making Christmas tree decorations. The chat flowed, the company was great all the while offering each other support and advice. The next get together will be on Wednesday 13th November between 10am and 12noon in the Carers Centre. Other activities suggested are aromatherapy workshops, arts and crafts, beading, knitting, and many others. # Carer Training & Information

## A big thank you from Beryl Cross Director of Carers Services at Carers Trust

A huge thank you for the amazing welcome I got from carers, volunteers and staff when I visited the Helensburgh and Lomond Carers Centre on 22<sup>nd</sup> October. Thank you especially to the carers of all ages who took time to come in and talk with me. Carers told me about their own experiences and about some of the social and legislative changes they'd like to see made to benefit carers, including wider recognition of the caring role and of the needs and choices of carers and their families. Everyone said what a positive difference the work of the carers centre makes to their lives. Helensburgh and Lomond, as I expect you know, works in partnership with Carers Trust. My role with Carers Trust includes responsibility for online support services for carers. If you haven't already done so you might like to have a look at [www.carers.org](http://www.carers.org) (for adult carers) and [www.youngcarers.net](http://www.youngcarers.net) (for young carers) where you can find opportunities for webchats, discussion and support with carers from all around the UK. *Beryl Cross*

## Mindfulness for Carers

For the past eight weeks several carers have been attending a Mindfulness course every Tuesday. This has been a most enjoyable experience for me and the carers involved. We have had the opportunity to explore a Mindful way of life, share experience and most importantly have a great laugh and get to know each other a wee bit better.

As a result of positive feedback and further enquiries from carers, it has been decided to start a new eight week course. Mindfulness encourages us to be aware of each moment, rather than cut off aspects of our experience. Mindfulness helps us to tune in to what is going on in our mind, body and emotion day to day, and to work directly with the struggle, rather than being 'swept away' by the current of challenging thoughts, feeling, worries, pressures and responsibilities. Mindfulness can really improve the quality of our life. It cultivates a whole approach to life and living rather than just a momentary meditation technique.

The tendency of trying to 'fix' things and avoiding emotional distress is common to all of us, and we persist in trying to resolve stressful situations by repeating habitual patterns. This increases the feelings of stress, fear anxiety and depression.

Mindfulness increases moment-to-moment awareness so that we can notice and change these ingrained automatic reactions. This enables the individual to respond creatively to the stress and difficulty with more choice.

Any Carers who would like to find out more or book a place please feel free to phone, email Janey or pop into the centre for a chat.

## Blairgowrie Weekend

A group of carers visited the Angus Hotel in Blairgowrie for a welcome weekend break. Once everyone had settled in they had the chance to explore the hotel and the stunning scenery of the surrounding area. The first evening was very relaxing with a lovely dinner and drinks, followed by a few fun quizzes. The next day some carers chose to venture to Glamis Castle and Perth while others chilled at the hotel spa and pool facilities or had lunch and went for a walk. The Highlight of the weekend was dinner on Saturday evening followed by a Casino Royale themed cabaret (unfortunately James Bond was unable to attend) with disco afterwards. Some carers and staff managed to stay up until 1am dancing the night away!!! All in all it was a great weekend. A big thanks to all who helped make it a huge success. Here's to the next one.

## YOUNG CARERS INITIATIVE Carlogie House

Well we thought it was time to give the wee ones a treat.... So 11, 6-9 yr olds attended a two night break to Carlogie House, Carnoustie. The level of excitement from the YCs set the atmosphere for the trip and this continued throughout the break.

For many of the YCs this was the first time they had stayed away from home over night, and to our amazement we had no tears or home sickness!!

The planned activities including ice skating, again a first for many, proved the wee ones have no fear. Once they learned how to balance themselves on the blades there was no stopping them, falls were no problem, they got straight back up and carried on. The trip to the cinema to see "Turbo" in 3D was a great favourite with everyone. Arts and craft activities allowed them to express their creative side, giving them gifts to take home. We had plenty of fresh air on the walk to the beach and park .

Bedtime was a challenge on the first night, however after story telling, eventually they all fell asleep exhausted. As usual the staff at Carlogie house were amazing with the YCs and their hospitality second to none. All in all this was a very successful trip and everyone had a fantastic time, there was even some YCs wanting to stay an extra night.
